

Dear parents,

If your student was already enrolled in our district, follow the steps to complete the online registration for the 2020-2021 school year:

1. Log on to ParentVue

2. Go to “my account” at the top right hand side of the screen.

3. Scroll down to “acknowledged documents.” Find the site and district documents for the 2020-2021 school year. If you have acknowledged them it will say “yes” and you are finished. If not, click on the documents and acknowledge them.
